

I chose to construct my website to be educational. I will be doing it over how to take a trip to Walt Disney World at a discounted rate. Disney World is a vacation that can be expensive, but if done correctly can be affordable. I think this information could be beneficial to a lot of families out there who's kids are wanting to take a trip like this. I want these families to know that Disney doesn't have to be too expensive and that they can do all the things they want at a decent price. I also think there is a lot of great information out there about how to plan a cheaper trip and it would be nice to have all this information in one spot. Disney is something I enjoy talking it about, so I want to put my passion to good use.

Welcome to Walt Disney World on a budget. Here I want to teach you ways on how to plan your magical visit without breaking your wallet!

Walt Disney World, the most magical place on earth! I know that thinking about a trip to Disney World can be overwhelming, but it doesn't have to be. On this website I want to let you in on all the tips and tricks on how to plan your dream visit without it being too expensive. There are a TON of tricks on how to get the best deals for your vacation. Here you can find all the information you need to plan specific parts of your trip. We have tips for hotels, the parks, transportation, food and dining, merchandise, and character experience. This trip is important, and I want to help you make all your dreams come true! Hopefully once you leave here you feel fully prepared to book your ultimate vacation and live out your childhood dreams!

Hello! My name is Jessica Gebauer and I am from Kansas City, Missouri. I graduated from Winnetonka High School and then headed off to community college. I finished my Associates in Arts at Metropolitan Community College. At this time, I had no idea what I wanted to do with my life, but once I started at University of Missouri, they helped me figure out what I was passionate about. I am currently studying education with an emphasis in psychology. I plan on finishing my bachelor's degree in fall of 2021. I hope to become an elementary psychologist and help children navigate feelings that they might not understand. In my free time, I love spending my time helping children with disabilities. I teach a dance class for these amazing kids to help them with development in a fun and expressive way!

1. When going to Disney World, it is important to find the best deal of hotels. Staying at Disney hotels is beneficial because they provide transportation for free to and from the parks. They also have a dining area for the guests so that they do not have to leave to go find meals. When looking at the different prices for hotels, it is important to look for the best time of the year to visit. You can pull up a website on Disney's booking website to see when the cheapest prices are to stay in each hotel and that fit your budget!

2. Next is finding the best ticket prices! Disney tickets can be very pricey, and it can be difficult to find cheaper prices. The first way to discounted tickets is to visit the parks during the week. Tickets during the week are cheaper than if you are visiting the parks on the weekend. Also, look at local stores to see if they have discounted tickets. Tickets also have a calendar to look at to see what time of the year tickets are the cheapest and we can see that hotels correspond with these prices!

3. Lastly, we can find out how to save money with food and dining. When you stay on Disney property, they offer you a dining service plan. This where each person in your party can receive 3 meals and 3 snack credits a day that you can use in your hotel or in the parks. There are different levels to each dining plan and can upgrade to where it covers sit down restaurants in the parks. This can help control overspending on meals while at the parks since food can be expensive! You also can download the Disney Parks app to make reservations in advance so that you are guaranteed a spot when you visit!
